This work should therefore be regarded as an attempt to contribute to and refine the very small amount of research available regarding how Prairie Bible Institute’s first half-century should be understood and interpreted by students of North American church history. Drawing on an insider’s perspective of PBI, former PBI “staff kid” Tim W. Callaway challenges the adequacy and accuracy of Canadian scholar Dr. John G. Stackhouse, Jr.’s inference that the kind of “sectish evangelicalism” that typified PBI in the twentieth century was substantially different from the characteristics that define the traditional understanding of American fundamentalism. The undertaking contained in these pages advances the perspective that Prairie Bible Institute during the L.E. Maxwell era did in fact reflect the influence and attributes of American fundamentalism to a far greater extent than what Stackhouse allowed for in his research. **Acts: an Inductive Study A Manual of Bible-study-in-depth Inductive Bible Study A Comprehensive Guide to the Practice of Hermeneutics** Baker Academic Following up Robert Traina’s classic *Methodical Bible Study*, this book introduces the practice of inductive Bible study to a new generation of students, pastors, and church leaders. The authors, two seasoned educators with over sixty combined years of experience in the classroom, offer guidance on adopting an inductive posture and provide step-by-step instructions on how to do inductive Bible study. They engage in conversation with current hermeneutical issues, setting forth well-grounded principles and processes for biblical interpretation and appropriation. The process they present incorporates various methods of biblical study to help readers hear the message of the Bible on its own terms. **The Presbyterian Journal Comprehensive Dissertation Index Christian Education Foundations for the Future** Moody Publishers Whether in the home or in the church or in a Christian school, the challenge of contemporary Christian educators is to meet the academic needs of students while remaining unswerving in adherence to biblical principles. *Christian Education: Foundations for the Future* introduces you to the basics of a healthy Christian education program, then takes you beyond, showing you how to develop a fresh, innovative Christian education program that will revitalize your church, home, or school. **The Publishers Weekly Preaching from the Old Testament** Fortress Press In this new volume, prolific scholar Walter Brueggemann seeks to show Christian preachers how to consider the faith witnessed in several Old Testament traditions and to help them discover rich and suggestive connections to our contemporary faith challenges. The author also assumes that a wholesale sustained engagement with the Old Testament is worth the effort for the preacher. He recognizes what he calls the “sorry state” of Old Testament texts in the Revised Common Lectionary, which he claims often constitute a major disservice for the church and its preachers. The lectionary gerrymanders the Old Testament to make it serve other claims, most of the time not allowing it to have its own evangelical say. Brueggemann hopes that his exposition in this volume will evoke and energize fresh homiletical attention to the Old Testament, precisely because he believes the urgent work of the gospel in our society requires attentive listening to these ancient voices of bold insistent faith. **The Bible Made Impossible Why Biblicism Is Not a Truly Evangelical Reading of Scripture** Baker Books Biblicism, an approach to the Bible common among some American evangelicals, emphasizes together the Bible’s exclusive authority, infallibility, clarity, self-sufficiency, internal consistency, self-evident meaning, and universal applicability. Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims. If evangelical biblicism worked as its proponents say it should, there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible. Far from challenging the inspiration and authority of Scripture, Smith critiques a particular rendering of it, encouraging evangelicals to seek a more responsible, coherent, and defensible approach to biblical authority. This important book has generated lively discussion and debate. The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked. **Ephesians A 12-Week Study** Crossway The Knowing the Bible series is a resource designed to help Bible readers better understand and apply God’s Word. These 12-week studies lead participants through books of the Bible and are made up of four basic components: (1) reflection questions help readers engage the text at a deeper level; (2) “Gospel Glimpses” highlight the gospel of grace throughout the book; (3) “Whole-Bible Connections” show how any given passage connects to the Bible’s overarching story of redemption, culminating in Christ; and (4) “Theological Soundings” identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God’s grace on every page of the Bible. The letter to the Ephesians is a source of great encouragement, clearly proclaiming the mystery of the gospel and the supremacy of Jesus while applying that theology to practical living. Made alive in Christ, believers have received a bountiful inheritance and lavish blessings from God, fueling us for holy living. In this study, Eric Redmond opens our eyes to Paul’s teaching about God’s astonishing grace—grace that enables us to walk in love, holiness, and wisdom as we become imitators of Christ. **Holman Illustrated Bible Dictionary** B&H Publishing Group For 25 years the Holman Illustrated Bible Dictionary has been the go-to Bible reference resource for lay Bible students, teachers, pastors, academic courses, and libraries. Now this bestselling dictionary has been UPDATED with 200 new articles and over 500 new photos compiling a collection of over 6,500 articles from Aaron to Zuzite are written so as to equip the reader for greater competence in understanding and interpreting the Scriptures. **An excellent companion to the Holman Illustrated Bible Commentary. The Stone-Campbell Movement A Global History** Chalice Press The Stone-Campbell Movement: A Global History tells the story of Christians from around the globe and across time who have sought to witness faithfully to the gospel of reconciliation. Transcending theological differences by drawing from all the major streams of the movement, this foundational book documents the movement’s humble beginnings on the American frontier and growth into international churches of the twenty-first century. **Education that is Christian** David C Cook Essential reading for anyone involved in Christian education, this classic bestseller outlines a strategic vision for education that is designed to produce Christ-like people. **Invitation to Biblical Interpretation, 2nd ed. Exploring the Hermeneutical Triad of History, Literature, and Theology** Kregel Publications An authoritative guide to accurately interpreting and applying God’s Word In this second edition of *Invitation to Biblical Interpretation*, Andreas Kostenberger leads the reader step-by-step through the process of interpreting and applying God’s Word. The primary principle is the hermeneutical triad, which consists of history, literature, and theology. Readers are equipped to explore the historical background of a biblical passage, analyze its literary genre and features, and derive its theological meaning in light of the biblical canon. Numerous examples are provided throughout to illustrate the concepts. A concluding chapter provides direction on practical application, preaching, and helpful tools for Bible study. Additional features include key words and definitions at the end of each chapter, study questions, and practical exercises for applying the material. An appendix lists numerous resources for Bible study, including recommended commentaries for every book of the Bible. The second edition updates these resources, as well as the sources cited throughout, and includes a revised chapter on the Old Testament canon. Instructors, students, pastors, and anyone who desires to interpret Scripture accurately will find this volume to be an indispensable addition to their library. **The Deliberate Church Building Your Ministry on the Gospel** Crossway Dever and Alexander propose a model of complete reliance and submission to the gospel when building a healthy church. Great resource for pastors, elders, and others interested in the vitality of their church. **Dissertation Abstracts International The humanities and social sciences. A Preaching Old Testament Proclamation & Narrative in the Hebrew Bible** Preaching Old Testament meets the need for more direction in how to preach from the Hebrew Bible. You will learn particularly helpful techniques for preaching the narrative portions of the Bible and why preaching from the Old Testament is theologically important. After exploring theological reasons for preaching in the narrative mode, Holbert introduces a narrative homiletics and discusses its definition, problems, and possibilities. He then introduces some of the methods and techniques of a literary analysis of the narrative portions of the Hebrew Bible, which includes such elements as plot, actions and speech, contrasting characters, and point of view. Two sample narrative sermons with brief comments inside the bodies of the sermons and extensive comments at the ends of the sermons illustrate how the pastor can read and interpret the Old Testament story. **1-2 Samuel A 12-Week Study** Crossway The Knowing the Bible series is a resource designed to help Bible readers better understand and apply God’s Word. These 12-week studies lead participants through books of the Bible and are made up of four basic components: (1) reflection questions help readers engage the text at a deeper level; (2) “Gospel Glimpses” highlight the gospel of grace throughout the book; (3) “Whole-Bible Connections” show how any given passage connects to the Bible’s overarching story of redemption, culminating in Christ; and (4) “Theological Soundings” identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God’s grace on every page of the Bible. In this 12-week study through the books of 1 and 2 Samuel, pastor Ryan Kelly offers insights into God’s character through the stories of the prophet Samuel and Israel’s first kings, Saul and David. With the inauguration of a monarchy in Israel, we see God’s continued care for his people as he raises up leaders and promises to be faithful to his covenant by establishing a kingdom that will never pass away. **Methodical Bible Study** Zondervan This inductive study in a simple, practical textbook in hermeneutics compares related Bible texts in order to let the Bible interpret itself. **You Can Understand the Bible An Introduction to and Application of the Contextual/Textual Method of Biblical Interpretation (Hermeneutics)** Biblical interpretation is a rational and spiritual process that attempts to understand an ancient inspired writer in such a way that the message from God may be understood and applied in our day. The spiritual process is crucial but difficult to define. It does involve a yieldedness and openness to God. There must be a hunger (1) for Him, (2) to know Him, and (3) to serve Him. This process involves prayer, confession, and the willingness for lifestyle change. The Spirit is crucial in the interpretive process, but why sincere, godly Christians understand the Bible differently is a mystery. The rational process is easier to describe. We must be consistent and fair to the text and not be influenced by our personal, cultural, or denominational biases. We are

all historically conditioned. None of us are objective, neutral interpreters. This commentary offers a careful rational process containing four interpretive principles structured to help us attempt to overcome our biases. **First Principle** The first principle is to note the historical setting in which a biblical book was written and the particular historical occasion for its authorship (or when it was edited). The original author had a purpose and a message to communicate. The text cannot mean something to us that it never meant to the original, ancient, inspired author. His intent-not our historical, emotional, cultural, personal, or denominational need-is the key. Application is an integral partner to interpretation, but proper interpretation must always precede application. It must be reiterated that every biblical text has one and only one meaning. This meaning is what the original biblical author intended through the Spirit's leadership to communicate to his day. This one meaning may have many possible applications to different cultures and situations. These applications must be linked to the central truth of the original author. For this reason, this study guide commentary is designed to provide a brief introduction to each book of the Bible. **Second Principle** The second principle is to identify the literary units. Every biblical book is a unified document. Interpreters have no right to isolate one aspect of truth by excluding others. Therefore, we must strive to understand the purpose of the whole biblical book before we interpret the individual literary units. The individual parts-chapters, paragraphs, or verses-cannot mean what the whole unit does not mean. Interpretation must move from a deductive approach of the whole to an inductive approach to the parts. Therefore, this study guide commentary is designed to help the student analyze the structure of each literary unit by paragraphs. Paragraph and chapter divisions are not inspired, but they do aid us in identifying thought units. **Third Principle** The third principle is to read the Bible in different translations in order to grasp the widest possible range of meaning (semantic field) that biblical words or phrases may have. Often a phrase or word can be understood in several ways. These different translations bring out these options and help to identify and explain the manuscript variations. These do not affect doctrine, but they do help us to try to get back to the original text penned by an inspired ancient writer. **Fourth Principle** The fourth principle is to note the literary genre. Original inspired authors chose to record their messages in different forms (e.g., historical narrative, historical drama, poetry, prophecy, gospel [parable], letter, apocalyptic). These different forms have special keys to interpretation. This Textbook offers a quick way for the student to check his interpretations. It is not meant to be definitive, but rather informative and thought-provoking. These principles have helped me to overcome much of my historical conditioning by forcing me to struggle with the ancient text. My hope is that it will be a blessing to you as well. Dr. Bob Utley **The Text of New Testament** Рипол Классик **Habits of Grace Enjoying Jesus through the Spiritual Disciplines** Crossway The Christian life is built on three seemingly unremarkable practices: reading the Bible, prayer, and fellowship with other believers. However, according to David Mathis, such "habits of grace" are the God-designed channels through which his glorious grace flows—making them life-giving practices for all Christians. Whether it's hearing God's voice (the Word), having his ear (prayer), or participating in his body (fellowship), such spiritual rhythms of the Christian life have the power to awaken our souls to God's glory and stir our hearts for lifelong service in his name. What's more, these seemingly simple practices grant us access to a host of spiritual blessings that we can only begin to imagine this side of eternity—and the incredible joy that such blessings bring to God's children today. **Rules for Reasoning** Psychology Press This book examines two questions: Do people make use of abstract rules such as logical and statistical rules when making inferences in everyday life? Can such abstract rules be changed by training? Contrary to the spirit of reductionist theories from behaviorism to connectionism, there is ample evidence that people do make use of abstract rules of inference -- including rules of logic, statistics, causal deduction, and cost-benefit analysis. Such rules, moreover, are easily alterable by instruction as it occurs in classrooms and in brief laboratory training sessions. The fact that purely formal training can alter them and that those taught in one content domain can "escape" to a quite different domain for which they are also highly applicable shows that the rules are highly abstract. The major implication for cognitive science is that people are capable of operating with abstract rules even for concrete, mundane tasks; therefore, any realistic model of human inferential capacity must reflect this fact. The major implication for education is that people can be far more broadly influenced by training than is generally supposed. At high levels of formality and abstraction, relatively brief training can alter the nature of problem-solving for an infinite number of content domains. **Acts An Inductive Study Family-Based Youth Ministry** InterVarsity Press Mark DeVries offers an approach that brings teens into one-to-one relationship with older Christians; involves the whole church family from singles to seniors; and frees pastors and leaders from worrying about attendance, budget and competition with other programs. **The Encyclopedia of the Stone-Campbell Movement** Wm. B. Eerdmans Publishing "Over ten years in the making, The Encyclopedia of the Stone-Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex, vibrant global communion. Written by more than 300 contributors, this major reference work contains over 700 original articles covering all of the significant individuals, events, places, and theological tenets that have shaped the Movement. Much more than simply a historical dictionary, this volume also constitutes an interpretive work reflecting historical consensus among Stone-Campbell scholars, even as it attempts to present a fair, representative picture of the rich heritage that is the Stone-Campbell Movement."--BOOK JACKET. **Constants in Context A Theology of Mission for Today** Orbis Books "Mission is handicapped without a sound biblical theology of mission and an understanding of the history of mission leading up to our current context. Constants in Context offers both of these elements. It is mission theology in historical perspective and/or a history of mission that is grounded theologically. The authors describe it as a systematic theology with mission at its core, and a church history shaped by the constant but always contextual Christian traditions. Furthermore it is a constructive contribution to how mission theology needs to be practical and lived out through today's church and in our world. Written collaboratively by Roman Catholic writers Stephen Bevans and Roger Schroeder, both Missionaries of the Divine Word (SVDs). It is a particularly insightful in regard to the history and the various streams of Catholic mission but it also addresses and learns from the other traditions of the church. In fact, one of the book's strengths is its attention to neglected aspects and hidden stories of church and mission history. As a result it is gratifying to be inspired by non-European mission, women in mission and various forgotten or often ignored branches of the church. The book is in three sections: first, there is a framework for cultural contexts and theological constants; second, an in-depth exploration of historical stages and different models for mission; and third, a presentation of theological frameworks for mission. The third section concludes with a case for 'mission as prophetic dialogue' being the most appropriate model for 21st century mission." -- Amazon.com. **Themelios The Publishers' Trade List Annual Numbers An Introduction and Commentary** InterVarsity Press **Evangelical and Frontier Mission** Wipf & Stock Publishers Description: The centennial celebrations of the Edinburgh 1910 conference offered Christians of all stripes multiple opportunities to reflect on the past century of mission. Over the course of the twentieth century one of the stories of the church that has moved towards center stage is the growth of evangelicalism around the world. While certainly until the late 1980s this went largely unnoticed among the academic elite of the world, even so by then the vast majority of the missionaries serving to and from every corner of the globe were framed in some way by this evangelical surge. As we reflect on the past century, then, the stories of the evangelical world church deserve to be heard. Endorsements: ""This extraordinary compendium documents and illustrates the movement from what Edinburgh 1910 designated as 'unoccupied fields' to what R. Winter strategically designated as 'unreached people groups' thus repioneering frontier missiology focused on 'finishing the task.'"" Peter Kuzmic ""This important volume demonstrates that, 100 years after the World Missionary Conference in Edinburgh, Evangelicalism has become truly global. Twenty-first-century Evangelicalism continues to focus on frontier mission, but significantly, and in the spirit of Edinburgh 1910, it also has re-engaged social action. Pentecostalism exhibits a similar direction, and these characteristics (global reach, frontier focus, social engagement) point to a vibrant future for both movements. At the same time, however, the essays in this volume present a cautionary tale of overstating goals and plans as they relate to proclamation and development.""" Todd Johnson, Associate Professor of Global Christianity, Gordon-Conwell Theological Seminary About the Contributor(s): Beth Snodderly is President of William Carey International University in Pasadena, California, Vice President of the Southwest Region of the Evangelical Missiological Society, and became editor of the World Christian Foundations degree study program following the death of Ralph D. Winter. Scott Moreau is Professor of Intercultural Studies and Missions at Wheaton College. He is Editor of Evangelical Missions quarterly and General Editor of the Encountering Mission Series. He has written or edited more than a dozen books and numerous articles in journals, magazines, dictionaries and Web sites. **Exploring Church History A Guide to History, World Religions, and Ethics** Crossway Christianity's roots, distinctiveness, and cultural implications are highlighted in this multi-dimensional resource, providing an introductory understanding of the richness of the faith and church. **Christian Theology** Baker Academic A revised edition of Erickson's successful systematic theology with updated text and new pedagogical aids, such as chapter outlines, chapter objectives, and study questions. **Jensen's Survey of the Old Testament** Moody Publishers A useful survey of the Old Testament that will aid in understanding difficult passages. This one volume contains all of Irving Jensen's Bible self-study guides to the Old Testament. **What the Bible is All About Visual Edition** Gospel Light Publications With more than 500 full-color photos, illustrations, maps and charts, What the Bible Is All About® is the most interesting and user-friendly Bible handbook ever!
