INTELLECTUAL CHANGE AND POLITICAL DEVELOPMENT IN EARLY MODERN JAPAN

ONO AZUSA, A CASE STUDY

Fairleigh Dickinson Univ Press A study of the effects of foreign education and contact on the thought pattern and activities of one of Japan's leading, yet little known, intellectuals and political reformers. Ono Azusa. It is based on his diary, private papers, published works and contemporary accounts.

JAPANESE MORAL EDUCATION PAST AND PRESENT

Fairleigh Dickinson Univ Press This book investigates the history and development of Japanese moral education, and analyzes and compares current moral education with the concepts of the Imperial Rescript on Education (1890) and the shushin moral education of prewar Japan. The Rescript contains Confucian and Shinto precepts and was to become the codification of the moral standards of the Japanese way of life in pre-surrender Japan. Despite the attempts of the Japanese education system to embrace democratic principles, postwar dotoku moral education has been essentially the same as that of the prewar system. The author concludes that Confucian ethics is still the engine of Japanese social cohesion and dynamics, and predicts that it will continue to be so for generations to come. Japan needs to find a way to converge the long-held Confucian ideology with more democratic ideals and fairness to all people through moral education.

THE ORIGINS OF ECONOMIC THOUGHT IN MODERN JAPAN

Routledge By throwing light on economic thought in the period of the Japanese Enlightenment, this book will make clear what led to the institutionalization of business and economic education, the birth of the pioneer business enterprise and of serious economic journalism and the reasons behind the success of Japanese economic development.

BIBLIOGRAPHIC GUIDE TO EAST ASIAN STUDIES 1994

Macmillan Reference USA An aid for researching non-western cultures, this bibliography covers Japan, China, North and South Korea, Hong Kong, and Taiwan, with approximately 3500 listings from LC MARC tapes and the Oriental Division of the New York Public Library. It includes publications about East Asia; materials published in any of the relevant countries; and publications in the Chinese, Japanese and Korean languages. Listings are transcribed into Anglicized characters. Each entry provides complete bibliographic information, along with the NYPL and/or LC call numbers.

A HISTORY OF JAPAN

FROM STONE AGE TO SUPERPOWER

Springer A history of Japan from ancient times to today explores Japan's impact on the modern world and examines its unique past and culture to explain its achievements and responses to world events.

THE EMERGENCE OF MEIJI JAPAN

Cambridge University Press This paperback edition brings together chapters from volume 5 of The Cambridge History of Japan. Japan underwent momentous changes during the middle decades of the nineteenth century. This book chronicles the hardships of the Tempo era in the 1830s, the crisis of values and confidence during the last half century of Tokugawa rule, and the political process that finally brought down the Tokugawa regime and ended centuries of warrior rule. It goes on to discuss the samurai rebellions against the Meiji Restoration, and national movements for constitutional government which indirectly resulted in the Meiji Constitution of 1889. The significance of Japan's Meiji transformation for the rest of the world is the subject of the final chapter, in which Professor Akira Iriye discusses Japan's drive to Great Power status. 'Constitutional rule at home, imperialism abroad', became new goals for early twentieth-century Japan.

PUNISHMENT AND POWER IN THE MAKING OF MODERN JAPAN

Princeton University Press The kinds of punishment used in a society have long been considered an important criterion in judging whether a society is civilized or barbaric, advanced or backward, modern or premodern. Focusing on Japan, and the dramatic revolution in punishments that occurred after the Meiji Restoration, Daniel Botsman asks how such distinctions have affected our understanding of the past and contributed, in turn, to the proliferation of new kinds of barbarity in the modern world. While there is no denying the ferocity of many of the penal practices in use during the Tokugawa period (1600-1868), this book begins by showing that these formed part of a sophisticated system of order that did have its limits. Botsman then demonstrates that although significant innovations occurred later in the period, they did not fit smoothly into the "modernization" process. Instead, he argues, the Western powers forced a break with the past by using the specter of Oriental barbarism to justify their own aggressive expansion into East Asia. The ensuing changes were not simply imposed from outside, however. The Meiji regime soon realized that the modern prison could serve not only as a symbol of Japan's international progress but also as a powerful domestic tool. The first English-language study of the history of punishment in Japan, the book concludes by examining how modern ideas about progress and civilization

shaped penal practices in Japan's own colonial empire.

INTRODUCTION TO JAPANESE POLITICS

Routledge This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country's political life. It incorporates new coverage of the end of the Koizumi era, the brief and troubled premiership of Abe, and the selection of Fukuda as prime minister. This edition also includes expanded material on "bubble" and "post-bubble" economic developments, as well as all-new coverage of health care policy. The text opens with an overview of Japan's geographical setting and history. The next group of chapters covers political institutions, processes, and actors. Two sections then address the country's distinctive social order and economy, educational, healthcare, and public safety systems. Part five looks at the increasingly contentious realm of foreign relations and security issues, including China's expanding role and the issue of North Korea. A concluding section considers dynamics of change in Japanese politics.

A HISTORY OF JAPAN

FROM STONE AGE TO SUPERPOWER

Springer In a rare combination of comprehensive coverage and sustained critical focus, this book examines Japanese history in its entirety to identify the factors underlying the nation's progression to superpower status. Japan's achievement is explained not merely in economic terms, but at a more fundamental level, as a product of historical patterns of response to circumstance. Japan is shown to be a nation historically impelled by a pragmatic determination to succeed. The book also highlights unresolved questions and little-known facts.

JAPAN ENCYCLOPEDIA

Belknap Press An expert in Asian culture offers readers a detailed and revealing reference to Japanese history and civilization, focusing on religion, industry, sciences, sports, and politics, among other important topics.

JAPANESE CULTURE IN THE MEIJI ERA

THE HATOYAMA DYNASTY

JAPANESE POLITICAL LEADERSHIP THROUGH THE GENERATIONS

Springer This is a multi-generational political history of the Hatoyamas, a family that has participated at the highest levels of Japan's parliamentary government from its inception in the late 1800s. The Hatoyama family is one of the most prominent political families in modern Japanese government. It has produced six members of the Diet, Japan's parliament, many of whom have served as cabinet members and party leaders. Due to the family's political legacy, they have often been likened to the Kennedy family in American politics (though they have been spared the tragedy and scandal visited upon the Kennedys). Despite the significance of the Hatoyamas to modern Japanese politics, this is the first comprehensive study available in English. In tracing the rising political fortunes of this family, it is also possible to study the role of hereditary politicians in Japan, the growth and evolution of Japanese political parties, and, perhaps most importantly, the way political leadership functions in Japan, a society known more for consensus-building than strong leaders.

THE MEIJI RESTORATION

MONARCHISM, MASS COMMUNICATION AND CONSERVATIVE REVOLUTION

Springer The Meiji Restoration of 1868 is one of the most astonishing political events of the modern era, yet it doesn't fit easily with Western precedents of mass mobilization and social transformation. This book challenges some of the preconceptions that have hindered the Restoration being understood on its own terms.

YOKOHAMA PAST AND PRESENT

100TH ANNIVERSARY OF YOKOHAMA'S INCORPORATION

CHINA AND JAPAN IN THE LATE MEIJI PERIOD

CHINA POLICY AND THE JAPANESE DISCOURSE ON NATIONAL IDENTITY, 1895-1904

Routledge The first war between China and Japan in 1894/95 was one of the most fateful events, not only in modern Japanese and Chinese history, but in international history as well. The war and subsequent events catapulted Japan on its trajectory toward temporary hegemony in East Asia, whereas China entered a long period of domestic unrest and foreign intervention. Repercussions of these developments can be still felt, especially in the mutual perceptions of Chinese and Japanese people today. However, despite considerable scholarship on Sino-Japanese relations, the perplexing question remains how the Japanese attitude exactly changed after the triumphant victory in 1895 over its former role model and competitor. This book examines the transformation of Japan's attitude toward China up to the time of the Russo-Japanese War (1904/5), when the psychological framework within which future Chinese-Japanese relations worked reached its erstwhile completion. It shows the transformation process through a close reading of sources, a large number of which is introduced to the scholarly discussion for the first time. Zachmann demonstrates how modern Sino-Japanese attitudes were shaped by a multitude of factors, domestic and international, and, in turn, informed Japan's course in international politics. Winner of the JaDe Prize 2010 awarded by the German Foundation for the Promotion of Japanese-German Culture and Science Relations
