### AMERICAN INDIAN STUDIES PROGRAM GUIDE

---

**Trafford Publishing** *In this increasingly homogenous society, the American Indian Studies Program Guide provides a framework for college educators and administrators to develop degree programs focusing on American Indian studies, with an eye toward creating future leaders for Indian communities. These degree programs are intended to help American Indians gain control of their own educational systems and develop institutions that can help to reverse the alarmingly high dropout rate. This book provides all the tools necessary for college educators and administrators to develop top-notch programs, including: \* Diagnostic tests to determine students' level of knowledge \* Defined learning goals and objectives \* Seminar descriptions \* Established grading criteria \* Useful outside resources Six courses make up the interdisciplinary curriculum: The North American Indian, American Indian History, American Indian Law and Federal Policy, American Indian Religion and Philosophy, American Indian Literature, and the History of American Indian Education. The American Indian Studies Program Guide offers a proven approach and insights into the problems American Indians have faced in the past and the battles they continue to fight today.*

### RESEARCH HANDBOOK ON MODERN LEGAL REALISM

---

**Edward Elgar Publishing** *This insightful Research Handbook provides a definitive overview of the New Legal Realism (NLR) movement, reaching beyond historical and national boundaries to form new conversations. Drawing on deep roots within the law-and-society tradition, it demonstrates the powerful virtues of new legal realist research and its attention to the challenges of translation between social science and law. It explores an impressive range of contemporary issues including immigration, policing, globalization, legal education, and access to justice, concluding with and examination of how different social science disciplines intersect with NLR.*

### READER'S GUIDE TO LESBIAN AND GAY STUDIES

---

**Routledge** *The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology, social sciences, and education (Kinsey Report).*

---

### ENCYCLOPEDIA OF LEGAL INFORMATION SOURCES

---

---

### A BIBLIOGRAPHIC GUIDE TO APPROXIMATELY 29,000 CITATIONS FOR PUBLICATIONS, ORGANIZATIONS, AND OTHER SOURCES OF INFORMATION ON 480 LAW-RELATED SUBJECTS ...

---

**Gale / Cengage Learning** *Over 19,000 live, print, and electronic information sources for 460 legal topics are quickly accessible in this guide to the US legal system. The work is arranged alphabetically by subject, from actions and defences to noteworthy trials, and users can see at a glance what printed materials are available, what organizations are active in that subject, and whether any databases or other electronic information sources are available.*

---

## JUDICIAL DECISION MAKING, SENTENCING POLICY, AND NUMERICAL GUIDANCE

---

**Springer Science & Business Media** *This book describes an original, empirical study of judicial decision making. The process of determining sentences is a difficult one for judges and often unnecessarily intuitive, subjective, and complex. The present study introduces a conceptual outline and empirical technique for increasing the precision of sentencing policy, thus offering an aid to judges who sentence in the light of this policy. The primary purpose of this model of judicial decision making is to provide a framework for scaling the seriousness of any single case in relation to the facts of that case and for relating this assessment to the appropriate quantum of sentence. The validity of the model is tested and cross-validated in an archival study. This innovative research serves as an important prototype for a system of numerical guidance to judges and sentencers.*

---

## RESEARCH HANDBOOK ON THE ECONOMICS OF INTELLECTUAL PROPERTY LAW

---

### VOL 1: THEORY VOL 2: ANALYTICAL METHODS

---

**Edward Elgar Publishing** *Both law and economics and intellectual property law have expanded dramatically in tandem over recent decades. This field-defining two-volume Handbook, featuring the leading legal, empirical, and law and economics scholars studying intellectual property rights, provides wide-ranging and in-depth analysis both of the economic theory underpinning intellectual property law, and the use of analytical methods to study it.*

## BIBLIOGRAPHIC GUIDE TO LAW

---

### REPRESSIVE JURISPRUDENCE IN THE EARLY AMERICAN REPUBLIC

---

### THE FIRST AMENDMENT AND THE LEGACY OF ENGLISH LAW

---

**Cambridge University Press** *This volume seeks to explain how American society, which had been capable of noble aspirations such as those in the Declaration of Independence and the Constitution, was capable of adopting one of the most widely deplored statutes of our history, the Sedition Act of 1798. It examines how the political ideals of the American Revolution were undermined by the adoption of repressive doctrines of the English monarchical system - the criminalization of criticism against the king, the Parliament, the judiciary, and Christianity. Freedom of speech was dramatically confined, and this law remained unchallenged until well into the twentieth century. This book will be of keen interest to all concerned with the early Republic, freedom of speech, and evolution of American constitutional jurisprudence. Because it addresses the much-criticized Sedition Act of 1798, one of the most dramatic illustrations of this repressive jurisprudence, the book will also be of interest to Americans concerned about preserving free speech in wartime.*

---

---

## RESEARCH HANDBOOK ON INTERNATIONAL ENVIRONMENTAL LAW

---

**Edward Elgar Publishing** . . . *an impressive volume and the editors have put together a high quality collection. Research Handbook on International Environmental Law ought to be an invaluable reference source for both teachers and students of international environmental law in the years to come. Web Journal of Current Legal Issues This wide-ranging and comprehensive Handbook examines recent developments in international environmental law (IEL) and the crossover effects of this expansion on other areas of international law, such as trade law and the law of the sea. The expert contributors offer analyses of foundational issues in IEL, such as responsibility for environmental damage, sustainable development and the precautionary principle, alongside studies in topical subject areas including marine protection and the law of international watercourses. This Research Handbook offers an in-depth analysis of IEL, both as a field of law in its own right, and as part of the wider system of international law. It gives a comprehensive view of IEL in all its forms and complexity. With thorough examination of specific environmental regimes and compliance mechanisms, this Handbook will be an indispensable resource for legal scholars, students and practitioners alike.*

**THE OXFORD HANDBOOK OF LAW AND HUMANITIES**

---

**Oxford University Press, USA** *How does materiality matter to legal scholarship? What can affect studies offer to legal scholars? What are the connections among visual studies, art history, and the knowledge and experience of law? What can the disciplines of book history, digital humanities, performance studies, disability studies, and post-colonial studies contribute to contemporary and historical understandings of law? These are only some of the important questions addressed in this wide-ranging collection of law and humanities scholarship. Collecting 45 new essays by leading international scholars, The Oxford Handbook of Law and Humanities showcases the work of law and humanities across disciplines, addressing methods, concepts and themes, genres, and areas of the law. The essays explore under-researched domains such as comics, videos, police files, form contracts, and paratexts, and shed new light on traditional topics, such as free speech, intellectual property, international law, indigenous peoples, immigration, evidence, and human rights. The Handbook provides an exciting new agenda for scholarship in law and humanities, and will be essential reading for anyone interested in the intersections of law and humanistic inquiry.*
