#### Pfeiffer and Mangus's Concepts of Athletic Training

Jones & Bartlett Learning Pfeiffer and Mangus's Concepts of Athletic Training focuses on the care and management of sport- and activity-related injuries while presenting key concepts in a comprehensive, logically sequential manner that will assist future professionals in making the correct decisions when confronted with an activity-related injury or illness in their scope of practice. The eighth edition of Pfeiffer's Concepts of Athletic Training features new, full-color presentation as well as deeper and updated coverage on topics.

#### Handbook of Research on Social Inequality and Education

IGI Global In comparing one public school to another, discussions frequently include talk concerning the socioeconomics of a school or district, which then leads to talk about the advantages that one socioeconomic setting has over another. Educators tend to agree that low academic achievement frequently associated with a low socioeconomic status is a characteristic difficult to resolve for a population of school children. The Handbook of Research on Social Inequality and Education is a critical reference source that provides insights into social influences on school and educational settings. Featuring an array of topics including online learning, social mobility, and teacher preparation, this book is excellent for educational leaders, educational researchers, teachers, academicians, administrators, instructional designers, and teacher preparation programs.

#### The Church Leader's Counseling Resource Book

#### A Guide to Mental Health and Social Problems

Oxford University Press This all-in-one guide is designed to better equip clergy and the church leaders to meet their congregations' needs in a spiritually grounded and scientifically sound manner. Succinct, easy-to-read chapters summarize all a pastor needs to know about a given problem area, including its signs or symptoms, questions to ask, effective helping skills, and, most importantly, when to refer to a mental health professional. Synthesizing what research says about treatment approaches for mental health issues, this user-friendly reference is filled with guidelines, case scenarios, key points to remember, resources for further help, advice on integrating scripture and theology with the best available research, and tips on partnering with others to provide the best possible care for each church member. Each chapter is designed for quick lookup by problem area, empowering church leaders to understand and help meet the challenges facing the children, adults, families, and communities that they serve.

#### The How & the Why

HarperCollins "Cynthia Hand is the master of pulling at your heartstrings. The How & the Why tells both sides of an adoption story with love, compassion, and care." —Brigid Kemmerer, New York Times bestselling author of Letters to the Lost A poignant exploration of family and the ties that bind, from New York Times bestselling author Cynthia Hand. Cassandra McMurtrey has the best parents a girl could ask for; they've given Cass a life she wouldn't trade for the world. She has everything she needs—but she has questions, too. Like, to know who she is. Where she came from. Questions her adoptive parents can't answer, no matter how much they love her. But eighteen years ago, someone wrote Cass a series of letters. And they may just hold the answers Cass has been searching for. Alternating between Cass's search for answers and letters from the pregnant teen who placed her for adoption, this emotionally resonant narrative is the perfect read for fans of Nina LaCour and Jandy Nelson.

#### Izzy, Willy-Nilly

Simon and Schuster One moment can change a life forever. Fifteen-year-old Izzy has it all -- a loving family, terrific friends, a place on the cheerleading squad. But her comfortable world crumbles when a date with a senior ends in a car crash and she loses her right leg. Suddenly nothing is the same. The simplest tasks become enormous challenges. Her friends don't seem to know how to act around her. Her family is supportive, but they don't really want to deal with how much she's hurting. Then Rosamunde extends a prickly offer of friendship. Rosamunde definitely isn't the kind of girl Izzy would have been friends with in her old life. But Rosamunde may be the only person who can help Izzy face her new one.

#### The Wings of a Falcon

Turtleback Fourteen-year-old Oriel and his friend Griff flee the slavery of Damall's Island and seek a new life on the mainland, where they face raiding Wolfers, rival armies, and other dangers.

### Region-Building in Southern Africa

#### Progress, Problems and Prospects

[Zed Books Ltd.](#) How successful have Southern African states been in dealing with the major issues that have faced the region in recent years? What could be done to produce more cohesive and effective region-building in Southern Africa? In this original and wide-ranging volume, which draws on an interdisciplinary team of mainly African and African-based specialists, the key political, socio-economic, and security challenges facing Southern Africa today are addressed. These include the various issues confronting the Southern African Development Community (SADC) and its institutions; such as HIV/AIDS, migration and xenophobia, land-grabbing and climate change; and the role of the main external actors involved with the region, including the United Nations, the European Union, the United States, and China. The book also looks at the Southern African Customs Union and Southern African Development Finance Institutions, including the Development Bank of Southern Africa and Industrial Development Corporation, and issues of gender and peacebuilding. In doing so, the book goes to the heart of analyzing the effectiveness of SADC and other regional organisation, suggesting how region-building in Southern Africa may be compared with similar attempts elsewhere in Africa and other parts of the world.

### Hitler's Willing Executioners

#### Ordinary Germans and the Holocaust

[Vintage](#) This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. *Hitler's Willing Executioners* provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."--New York Review of Books "The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly integrity."--Philadelphia Inquirer

### The Wall: (Intimacy) and Other Stories

[New Directions Publishing](#) One of Sartre's greatest existentialist works of fiction, *The Wall* contains the only five short stories he ever wrote. Set during the Spanish Civil War, the title story crystallizes the famous philosopher's existentialism. 'The Wall', the lead story in this collection, introduces three political prisoners on the night prior to their execution. Through the gaze of an impartial doctor—seemingly there for the men's solace—their mental descent is charted in exquisite, often harrowing detail. And as the morning draws inexorably closer, the men cross the psychological wall between life and death, long before the first shot rings out. This brilliant snapshot of life in anguish is the perfect introduction to a collection of stories where the neurosis of the modern world is mirrored in the lives of the people that inhabit it . This is an unexpurgated edition translated from the French by Lloyd Alexander.

### UCLA

#### The First Century

[Third Millennium Publishing](#) UCLA: The First Century is an extensively illustrated hardcover book which follows a chronological historical narrative with in-depth sections on campus traditions and the history of Bruin athletics. Since the UCLA History Project was launched in 2004, UCLA have been chronicling a full account of their alma mater, from humble beginnings to their current standing as one of the world's most prestigious public research universities. The research and editorial team for this publication delved into the untold number of historical documents and photographs preserved in UCLA's archives and beyond, interviewed numerous members of the UCLA community, and searched for materials and anecdotes that were on the verge of becoming permanently lost or forgotten. '100 years of UCLA on your coffee table.' Los Angeles Times "I wanted to create an authentic, historical account of our university. Every day I am inspired by the story of UCLA and I see its history as a collective, living legacy that we all share." Marina Dundjerski '94, Author "The book is indeed beautiful. Thank you so much for all the work that went into it." Rhea Turteltaub, Vice Chancellor, UCLA External Affairs

### Speculative Everything

## Design, Fiction, and Social Dreaming

**MIT Press** How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

## Bananas, Beaches and Bases

### Making Feminist Sense of International Politics

**Univ of California Press** “A new edition of *Bananas, Beaches and Bases* is cause for cosmic good cheer. This trailblazing treatment of the gender politics of global market and military projects is a feminist classic. Always ahead of the curve, before globalization had achieved cache in academic circles, Enloe was there, cajoling Western feminists out of our political parochialism. There is no more creative, insightful, engaging feminist guide to international politics.” Judith Stacy, author of *Brave New Families* - from cover.

## Managers and the Legal Environment: Strategies for the 21st Century

**Cengage Learning** Integrating business law with ethics and effective management, Bagley's *MANAGERS AND THE LEGAL ENVIRONMENT: STRATEGIES FOR THE 21ST CENTURY, 8E* equips future managers with the legal knowledge and risk management techniques essential for success in global business. Renowned for its cutting-edge coverage and strategic approach, this book offers one of the most comprehensive yet easy-to-understand presentations of today's global legal environment of business. Proven learning features such as *Inside Story* and *Perspective* boxes illustrate how the law impacts daily management decisions and business strategies, and *A Manager's Dilemma* feature challenges readers to consider such issues as whether to outsource labor to a country known for poor working conditions and the ethics of structuring a business to avoid domestic taxes. Fulfilling AACSB requirements, the eighth edition addresses the legal, political, regulatory, and ethical dimensions of business. Reflecting the latest developments and decisions, the text's up-to-date coverage includes the regulation of commercial speech, the disclosure of corporate political spending, the application of the Fourth Amendment to cell phone location data, the patentability of human genes, employees' use of social media, regulatory responses to climate change, the fiduciary duties of managers of limited liability companies, the FCC's proposed rules on net neutrality, the constitutionality of Obamacare, the use of race in college admissions, the Defense of Marriage Act, NSA surveillance programs, the right of college football players to unionize, and more. ## The Impact of Natural Disasters on Systemic Political and Social Inequities in the U.S.

**Lexington Books** *The Impact of Natural Disasters on Systemic Political and Social Inequities in the U.S.* examines how natural disasters impact social inequality in the United States. The contributors cover topics such as criminal justice, demographics, economics, history, political science, and sociology to show how effects of natural disasters vary by social and economic class in the United States. This volume studies social and political mechanisms in disaster response and relief that enable natural disasters to worsen inequalities in America and offers potential solutions.

## Animal Assisted Therapy in Counseling

**Routledge** *Animal Assisted Therapy in Counseling* is the most comprehensive book available dedicated to training mental health practitioners in Animal Assisted Therapy (AAT). It explains the history and practice of AAT in counseling, discusses the latest empirical research, and provides an in-depth explanation of the psychodynamics of AAT within various theoretical frameworks. Readers will learn the proper way to select, train, and evaluate an animal for therapy. The use of a number of different therapy animals is considered, including dogs, cats, horses, birds, farm animals, rabbits and other small animals, and dolphins. Guidelines for implementing AAT in settings such as private practices, community agencies, schools, hospices, and prisons are covered, as well as ethical and legal considerations, risk management, diversity issues, and crisis and disaster response applications. Numerous case examples illustrate the use of AAT principles with clients, and forms, client handouts, and other resources provide valuable tools. This unique resource is an indispensable guide for any counselor looking to develop and implement AAT techniques in his or her practice.

## Hate in the Homeland

### The New Global Far Right

**Princeton University Press** A startling look at the unexpected places where violent hate groups recruit young people. Hate crimes. Misinformation and conspiracy theories. Foiled white-supremacist plots. The signs of growing far-right extremism are all around us, and communities across America and around the globe are struggling to understand how so many people are being radicalized and why they are increasingly attracted to violent movements. *Hate in the Homeland* shows how tomorrow's far-right nationalists are being recruited in surprising places, from college campuses and mixed martial arts gyms to clothing stores, online gaming chat rooms, and YouTube cooking channels. Instead of focusing on the how and why of far-right radicalization, Cynthia Miller-Idriss seeks answers in the physical and virtual spaces where hate is cultivated. Where does the far right do its recruiting? When do young people encounter extremist messaging in their everyday lives? Miller-Idriss shows how far-right groups are swelling their ranks and developing their cultural, intellectual, and financial capacities in a variety of mainstream settings. She demonstrates how young people on the margins of our communities are targeted in these settings, and how the path to radicalization is a nuanced process of moving in and out of far-right scenes throughout adolescence and adulthood. *Hate in the Homeland* is essential for understanding the tactics and underlying ideas of modern far-right extremism. This eye-opening book takes readers into the mainstream places and spaces where today's far right is engaging and ensnaring young people, and reveals innovative strategies we can use to combat extremist radicalization.

## Overwhelmed

## Work, Love and Play When No One Has The Time

A&C Black In her attempts to juggle work and family life, Brigid Schulte has baked cakes until 2 a.m., frantically (but surreptitiously) sent important emails during school trips and then worked long into the night after her children were in bed. Realising she had become someone who constantly burst in late, trailing shoes and schoolbooks and biscuit crumbs, she began to question, like so many of us, whether it is possible to be anything you want to be, have a family and still have time to breathe. So when Schulte met an eminent sociologist who studies time and he told her she enjoyed thirty hours of leisure each week, she thought her head was going to pop off. What followed was a trip down the rabbit hole of busy-ness, a journey to discover why so many of us find it near-impossible to press the 'pause' button on life and what got us here in the first place. Overwhelmed maps the individual, historical, biological and societal stresses that have ripped working mothers' and fathers' leisure to shreds, and asks how it might be possible for us to put the pieces back together. Seeking insights, answers and inspiration, Schulte explores everything from the wiring of the brain and why workplaces are becoming increasingly demanding, to worldwide differences in family policy, how cultural norms shape our experiences at work, our unequal division of labour at home and why it's so hard for everyone - but women especially - to feel they deserve an elusive moment of peace.

## What Works in Girls' Education

## Evidence for the World's Best Investment

Brookings Institution Press Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empowerment What Works in Girls' Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education.

## Legalized Prostitution in Germany

## Inside the New Mega Brothels

Indiana University Press Germany has been infamously dubbed the "Brothel of Europe," but how does legalized prostitution actually work? Is it empowering or victimizing, realistic or dangerous? In Legalized Prostitution in Germany, Annegret D. Staiger's ethnography engages historical, cultural, and legal contexts to reframe the brothel as a place of longing and belonging, of affective entanglements between unlikely partners, and of new beginnings across borders, while also acknowledging the increasingly exploitative labor practices. By sharing the stories of sex workers, clients, and managers within the larger legal system—meant to provide dignity and safety through regulation—Staiger skillfully frames the economic aspects of commercial sex work and addresses important questions about sexual labor, intimacy, and relationships. Weaving insightful scholarship with beautiful storytelling, Legalized Prostitution in Germany provides readers with a deeper understanding of the complexities of legalized prostitution.

## Emotional Agility

## Get Unstuck, Embrace Change and Thrive in Work and Life

Penguin UK 'Essential reading.' - Susan Cain, author of Quiet Every day we speak around 16,000 words - but inside our minds we create tens of thousands more. Thoughts such as 'I'm not spending enough time with my children' or 'I'm not good enough to present my work' can seem to be unshakable facts. In reality, they're the judgemental opinions of our inner voice. Drawing on more than twenty years of academic research, consulting, and her own experiences overcoming adversity, Susan David PhD, a psychologist and faculty member at Harvard Medical School, has pioneered a new way to enable us to make peace with our inner self, achieve our most valued goals, make real change, and live life to the fullest. Susan David has found that emotionally agile people experience the same stresses and setbacks as anyone else. The difference is the emotionally agile know how to unhook themselves from unhelpful patterns, and how to create values-based success with better habits and behaviours. Emotional Agility describes a new way of living and relating to yourself and the world around you. Become aware of your true nature, learn to face your emotions with acceptance and generosity, act according to your deepest values, and flourish. 'An accessible, reader-friendly voyage. Emotional Agility can be helpful to anyone.' - Daniel Goleman, author of Emotional Intelligence Susan David has a PhD in psychology and a post-doctorate in emotions research from Yale. She is a psychologist at the Harvard Medical School and a founder and director at the Harvard/McLean-affiliated Institute of Coaching. Susan is the CEO of Evidence Based Psychology, whose worldwide client list includes Ernst and Young Global, the UN Development Program, JP Morgan Chase and GlaxoSmithKline. She has edited a number of books including the Oxford Handbook of Happiness and her research has featured in the Harvard Business Review, TIME and the Wall Street Journal. Born in South Africa, Susan now lives in Boston with her family.

## Social Anxiety Disorder

### The Nice Guideline on Recognition, Assessment and Treatment of Social Anxiety Disorder

Social anxiety disorder is persistent fear of (or anxiety about) one or more social situations that is out of proportion to the actual threat posed by the situation and can be severely detrimental to quality of life. Only a minority of people with social anxiety disorder receive help. Effective treatments do exist and this book aims to increase identification and assessment to encourage more people to access interventions. Covers adults, children and young people and compares the effects of pharmacological and psychological interventions. Commissioned by the National Institute for Health and Clinical Excellence (NICE). The CD-ROM contains all of the evidence on which the recommendations are based, presented as profile tables (that analyse quality of data) and forest plots (plus, info on using/interpreting forest plots). This material is not available in print anywhere else.

## Monday's Not Coming

HarperCollins "Jackson's characters and their heart-wrenching story linger long after the final page, urging readers to advocate for those who are disenfranchised and forgotten by society and the system." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List") From the critically acclaimed author of *Allegedly*, Tiffany D. Jackson, comes a gripping novel about the mystery of one teenage girl's disappearance and the traumatic effects of the truth. Monday Charles is missing, and only Claudia seems to notice. Claudia and Monday have always been inseparable—more sisters than friends. So when Monday doesn't turn up for the first day of school, Claudia's worried. When she doesn't show for the second day, or second week, Claudia knows that something is wrong. Monday wouldn't just leave her to endure tests and bullies alone. Not after last year's rumors and not with her grades on the line. Now Claudia needs her best—and only—friend more than ever. But Monday's mother refuses to give Claudia a straight answer, and Monday's sister April is even less help. As Claudia digs deeper into her friend's disappearance, she discovers that no one seems to remember the last time they saw Monday. How can a teenage girl just vanish without anyone noticing that she's gone?
