KEY=JON - GRACE CAMACHO

INTO THE WILD

Pan Macmillan **With an introduction by novelist David Vann In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terribly beauty and its relentless harshness. Into the Wild is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose.**

INTO THIN AIR

A PERSONAL ACCOUNT OF THE MOUNT EVEREST DISASTER

Pan Macmillan **Journalist Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more in guilt-ridden disarray, would also provide the impetus for this epic account of the May 1996 disaster. Unabridged. 7 CDs.**

INTO THIN AIR

A PERSONAL ACCOUNT OF THE MOUNT EVEREST DISASTER

Jon Krakauer's acclaimed account of a disastrous expedition on Mt Everest This is the true story of a 24-hour period on Everest, when members of three separate expeditions were caught in a storm and faced a battle against hurricane-force winds, exposure, and the effects of altitude, which ended the worst single-season death toll in the peak's history. In March 1996, Outside magazine sent veteran journalist and seasoned climber Jon Krakauer on an expedition led by celebrated Everest guide Rob Hall. Despite the expertise of Hall and the other leaders, by the end of summit day eight people were dead. Krakauer's book is at once the story of the ill-fated adventure and an analysis of the factors leading up to its tragic end. Written within months of the events it chronicles, Into Thin Air clearly evokes the majestic Everest landscape. As the journey up the mountain progresses, Krakauer puts it in context by recalling the triumphs and perils of other Everest trips throughout history. The author's own anguish over what happened on the mountain is palpable as he leads readers to ponder timeless questions.

EIGER DREAMS

VENTURES AMONG MEN AND MOUNTAINS

Pan Macmillan **No one writes about mountaineering and its attendant victories and hardships more brilliantly than Jon Krakauer. In this collection of his finest essays and reporting, Krakauer writes of mountains from the memorable perspective of one who has himself struggled with solo madness to scale Alaska's notorious Devils Thumb. In Pakistan, the fearsome K2 kills thirteen of the world's most experienced mountain climbers in one horrific summer. In Valdez, Alaska, two men scale a frozen waterfall over a four-hundred-foot drop. In France, a hip international crowd of rock climbers, bungee jumpers, and paragliders figure out new ways to risk their lives on the towering peaks of Mont Blanc. Why do**

they do it? How do they do it? In this extraordinary book, Krakauer presents an unusual fraternity of daredevils, athletes, and misfits stretching the limits of the possible. From the paranoid confines of a snowbound tent, to the thunderous, suffocating terror of a white-out on Mount McKinley, *Eiger Dreams* spins tales of driven lives, sudden deaths, and incredible victories. This is a stirring, vivid book about one of the most compelling and dangerous of all human pursuits.

A COMPANION TO THE BIOPIC

John Wiley & Sons The most comprehensive reference text of theoretical and historical discourse on the biopic film The biopic, often viewed as the most reviled of all film genres, traces its origins to the early silent era over a century ago. Receiving little critical attention, biopics are regularly dismissed as superficial, formulaic, and disrespectful of history. Film critics, literary scholars and historians tend to believe that biopics should be artistic, yet accurate, true-to-life representations of their subjects. Moviegoing audiences, however, do not seem to hold similar views; biopics continue to be popular, commercially viable films. Even the genre's most ardent detractors will admit that these films are often very watchable, particularly due to the performance of the lead actor. It is increasingly common for stars of biographical films to garner critical praise and awards, driving a growing interest in scholarship in the genre. *A Companion to the Biopic* is the first global and authoritative reference on the subject. Offering theoretical, historical, thematic, and performance-based approaches, this unique volume brings together the work of top scholars to discuss the coverage of the lives of authors, politicians, royalty, criminals, and pop stars through the biopic film. Chapters explore evolving attitudes and divergent perspectives on the genre with topics such as the connections between biopics and literary melodramas, the influence financial concerns have on aesthetic, social, or moral principles, the merger of historical narratives with Hollywood biographies, stereotypes and criticisms of the biopic genre, and more. This volume: Provides a systematic, in-depth analysis of the biopic and considers how the choice of historical subject reflects contemporary issues Places emphasis on films that portray race and gender issues Explores the uneven boundaries of the genre by addressing what is and is not a biopic as well as the ways in which films simultaneously embrace and defy historical authenticity Examines the distinction between reality and 'the real' in biographical films Offers a chronological survey of biopics from the beginning of the 20th century *A Companion to the Biopic* is a valuable resource for researchers, scholars, and students of history, film studies, and English literature, as well as those in disciplines that examine interpretations of historical figures

INTO THE WILD

Villard In April 1992, a young man from a well-to-do family hitchhikes to Alaska and walks alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body is found by a moose hunter. How Chris McCandless came to die is the unforgettable story of *Into the Wild*.

THE WILD TRUTH

Harper Collins A New York Times Bestseller "The Wild Truth is an important book on two fronts: It sets the record straight about a story that has touched thousands of readers, and it opens up a conversation about hideous domestic violence hidden behind a mask of prosperity and propriety."-NPR.org The spellbinding story of Chris McCandless, who gave away his savings, hitchhiked to Alaska, walked into the wilderness alone, and starved to death in 1992, fascinated not just New York Times bestselling author Jon Krakauer, but also the rest of the nation. Krakauer's book, *Into the Wild*, became an international bestseller, translated into thirty-one languages, and Sean Penn's inspirational film by the same name further skyrocketed Chris McCandless to global fame. But the real story of Chris's life and his journey has not yet been told - until now. The missing pieces are finally revealed in *The Wild Truth*, written by Carine McCandless, Chris's beloved and trusted sister. Featured in both the book and film, Carine has wrestled for more than twenty years with the legacy of her brother's journey to self-discovery, and now tells her own story while filling in the blanks of his. Carine was Chris's best friend, the person with whom he had the closest bond, and who witnessed firsthand the dysfunctional and violent family dynamic that made Chris willing to embrace the harsh wilderness of Alaska. Growing up in the same troubled household, Carine speaks candidly about the deeper reality of life in the McCandless family. In the many years since the tragedy of Chris's death, Carine has searched for some kind of redemption. In this touching and deeply personal memoir, she reveals how she has learned that real redemption can only come from speaking the truth.

QUICKLET ON INTO THE WILD BY JON KRAKAUER

[Hyperink Inc](#) Quicklets: Learn More. Read Less. Jon Krakauer has climbed some of the most difficult peaks in the world, including the Devil's Thumb in Southeast Alaska, the West Face of Cerro Torre in Patagonia, and Mt. Everest. It was his trip to Mt. Everest that would go on to give Krakauer a National Magazine Award for his article in Outside Magazine and "Book of the Year" for Into Thin Air. In both, Krakauer tells of the descent from Mt. Everest's peak in which a storm killed off four of the five teammates. Along with Into the Wild, and Into Thin Air, Krakauer has also written Eiger Dreams, Under the Banner of Heaven, and Where Men Win Glory. His work has published into GEO, Architectural Digest, Rolling Stone, TIME, The Washington Post, The New York Times, and National Geographic. In 1998, Krakauer created the Everest '96 Memorial Fund as a tribute to his companions lost on Everest which provides humanitarian relief to the indigenous peoples of the Himalaya and supports organizations working to preserve the natural environment throughout the world. After writing an article in Outside magazine, author Jon Krakauer decided to write a more detailed story of the young man - Christopher Johnson McCandless - who was found dead in the Alaskan brush. A difficult task as Christopher was constantly on the move the two years before he died backpacking across North America. Krakauer felt a personal connection with the young man's story and set out to interview those who had contact with McCandless along the way. The book, a huge success, went on to become adapted into the 2007 Sean Penn movie starring Emile Hirsch as McCandless. It was also the supposed inspiration behind the Discovery Channel's show "Out of the Wild: The Alaska Experiment," a show in which volunteers face the Alaskan great outdoors.

WRITING AT THE END OF THE WORLD

[University of Pittsburgh Pre](#) What do the humanities have to offer in the twenty-first century? Are there compelling reasons to go on teaching the literate arts when the schools themselves have become battlefields? Does it make sense to go on writing when the world itself is overrun with books that no one reads? In these simultaneously personal and erudite reflections on the future of higher education, Richard E. Miller moves from the headlines to the classroom, focusing in on how teachers and students alike confront the existential challenge of making life meaningful. In meditating on the violent events that now dominate our daily lives—school shootings, suicide bombings, terrorist attacks, contemporary warfare—Miller prompts a reconsideration of the role that institutions of higher education play in shaping our daily experiences, and asks us to reimagine the humanities as centrally important to the maintenance of a compassionate, secular society. By concentrating on those moments when individuals and institutions meet and violence results, Writing at the End of the World provides the framework that students and teachers require to engage in the work of building a better future.

BRAZILIAN SPORTS HISTORY

Routledge **Sport History is a growing field of study in Brazil. In the past decades, scholars from different areas have taken an increasing interest in studying how sports help us in understanding broader social, cultural, political and economic aspects of society. Barriers of language have often distanced Brazilian historiography from the international community which makes this volume in English especially important as a contribution to the field. In the last decade, Brazil has been on the spotlight of international sporting events and with the staging of the 2014 FIFA World Cup and the 2016 Olympic Games, in Rio de Janeiro, the world is focused on Brazilian sports, and this book provides a route into understanding it. Brazilian Sports History offers a glimpse into the work of ten Brazilian leading sport historians, exploring topics as diverse as sports in 19th-century Brazil, the political aspects of sport in Brazilian authoritarian regimes, sport and environment, the image of Brazilian women and sport, sport as a Brazilian intangible cultural heritage and the importance of staging mega sporting events in Brazilian politics. This book was previously published as a special issue of the International Journal of the History of Sport.**

SACRED SEA

A JOURNEY TO LAKE BAIKAL

Oxford University Press **Siberia's Lake Baikal is one of nature's most magnificent creations, the largest and deepest body of fresh water in the world. And yet it is nearly unknown outside of Russia. In Sacred Sea--the first major journalistic examination of Baikal in English--veteran environmental writer Peter Thomson and his younger brother undertake a kind of pilgrimage, journeying 25,000 miles by land and sea to reach this extraordinary lake. At Baikal they find a place of sublime beauty, deep history, and immense natural power. But they also find ominous signs that this perfect eco-system--containing one-fifth of earth's fresh water and said to possess a mythical ability to cleanse itself--could yet succumb to the even more powerful forces of human hubris, carelessness, and ignorance. Ultimately, they help us see that despite its isolation, Baikal is connected to everything else on Earth, and that it will need the love and devotion of people around the world to protect it.**

AMONG MURDERERS

LIFE AFTER PRISON

Univ of California Press **What is it like for a convicted murderer who has spent decades behind bars to suddenly find himself released into a world he barely recognizes? What is it like to start over from nothing? To answer these questions Sabine Heinlein followed the everyday lives and emotional struggles of Angel Ramos and his friends Bruce and Adam—three men convicted of some of society's most heinous crimes—as they return to the free world. Heinlein spent more than two years at the Castle, a prominent halfway house in West Harlem, shadowing her protagonists as they painstakingly learn how to master their freedom. Having lived most of their lives behind bars, the men struggle to cross the street,**

choose a dish at a restaurant, and withdraw money from an ATM. Her empathetic first-person narrative gives a visceral sense of the men's inner lives and of the institutions they encounter on their odyssey to redemption. Heinlein follows the men as they navigate the subway, visit the barber shop, venture on stage, celebrate Halloween, and loop through the maze of New York's reentry programs. She asks what constitutes successful rehabilitation and how one faces the guilt and shame of having taken someone's life. With more than 700,000 people being released from prisons each year to a society largely unprepared—and unwilling—to receive them, this book provides an incomparable perspective on a pressing public policy issue. It offers a poignant view into a rarely seen social setting and into the hearts and minds of three unforgettable individuals who struggle with some of life's harshest challenges.

UNDER THE BANNER OF HEAVEN

A STORY OF VIOLENT FAITH

[Anchor](#) **NATIONAL BESTSELLER** • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

TEACHING ARGUMENTS

RHETORICAL COMPREHENSION, CRITIQUE, AND RESPONSE

Stenhouse Publishers **No matter where students' lives lead after graduation, one of the most essential tools we can teach them is how to comprehend, analyze, and respond to arguments. Students need to know how writers' and speakers' choices are shaped by elements of the rhetorical situation, including audience, occasion, and purpose. In Teaching Arguments, Jennifer Fletcher provides teachers with engaging classroom activities, writing prompts, graphic organizers, and student samples to help students at all levels read, write, listen, speak, and think rhetorically. Jennifer believes that, with appropriate scaffolding and encouragement, all students can learn a rhetorical approach to argument and gain access to rigorous academic content. Teaching Arguments opens the door and helps them pay closer attention to the acts of meaning around them, to notice persuasive strategies that might not be apparent at first glance. When we analyze and develop arguments, we have to consider more than just the printed words on the page. We have to evaluate multiple perspectives; the tension between belief and doubt; the interplay of reason, character, and emotion; the dynamics of occasion, audience, and purpose; and how our own identities shape what we read and write. Rhetoric teaches us how to do these things. Teaching Arguments will help students learn to move beyond a superficial response to texts so they can analyze and craft sophisticated, persuasive arguments--a major cornerstone for being not just college-and career-ready but ready for the challenges of the world.**

BRAND VS. WILD

BUILDING RESILIENT BRANDS FOR HARSH BUSINESS ENVIRONMENTS

Routledge Today's business leaders operate in an increasingly harsh environment. Uncertainty in the economy causes paralysis. Quarterly goals drive short-term and shortsighted decisions. Workforce mobility kills loyalty. Iconic products decline as fast as start-ups create new categories. And the pressure to do more with less, combined with the multiplicity of available marketing tools and technology, can be overwhelming. Now more than ever, brands and the people who lead them need clarity and guidance. The good news is that people have found ways to thrive in harsh environments for millennia. Author Jonathan David Lewis, combining the lessons of group survival dynamics with more than a decade of proprietary research into the factors that cause companies to lose their way, shows leaders how to thrive in unforgiving business environments by learning to: Focus on navigating risk instead of trying to measure or reduce it. Cultivate your brand's will to live by staying positive and asking the most important question: Are you worth it? Read the brand signs by observing the market, keeping an eye on performance measures, engaging your team, and listening to your gut. Develop a concept of "mission" to ensure internal alignment and reduce friction. Act with urgency rather than waiting for the right circumstance. Brand vs. Wild helps readers understand the wilderness in which they find their companies and identify the specific steps they must take to thrive in the Brand Wilderness. There is hope in a harsh business world. And Brand vs. Wild is it.

A ESCOLA DA VIDA: COMO ENCONTRAR O TRABALHO PERFEITO

Leya Não gosta do trabalho que tem? Sonha com uma vida diferente? Que tal passar à ação? Pelo menos 60 por cento dos europeus não estão satisfeitos com o trabalho que têm - mesmo numa época em que os empregos são escassos. A atitude predominante é a resignação: temos de "aguentar". Mas será mesmo assim? À nossa volta vemos cada vez mais pessoas que abraçam profissões impensáveis para nós. Olhamos para elas com um misto de admiração e inveja - e, no fundo, queríamos ter a coragem delas. No entanto, argumenta o pensador Roman Krznaric, "elas" é que têm razão. Daí que este livro comece com a pergunta chave: que trabalho queremos? Para nos ajudar a responder, o autor define três condições essenciais: O trabalho que faço tem sentido para mim? Permite-me "fluir"? (Ou seja, atingir um estado em que nem dou pelas horas passarem.) Confere-me liberdade? Nesta viagem, o autor socorre-se da psicologia, da sociologia e da filosofia para nos motivar. Mas também dos exemplos inspiradores de pessoas que fizeram o que queriam: desde Leonardo DaVinci e Marie Curie a contemporâneos como uma mulher belga que, no dia do seu 30o aniversário, decidiu experimentar 30 profissões diferentes durante um ano - até encontrar a ideal.

MAN IN THE LANDSCAPE

A HISTORIC VIEW OF THE ESTHETICS OF NATURE

[University of Georgia Press](#) A pioneering exploration of the roots of our attitudes toward nature, Paul Shepard's most seminal work is as challenging and provocative today as when it first appeared in 1967. Man in the Landscape was among the first books of a new genre that has elucidated the ideas, beliefs, and images that lie behind our modern destruction and conservation of the natural world. Departing from the traditional study of land use as a history of technology, this book explores the emergence of modern attitudes in literature, art, and architecture--their evolutionary past and their taproot in European and Mediterranean cultures. With humor and wit, Shepard considers the influence of Christianity on ideas of nature, the absence of an ethic of nature in modern philosophy, and the obsessive themes of dominance and control as elements of the modern mind. In his discussions of the exploration of the American West, the establishment of the first national parks, and the reactions of pioneers to their totally new habitat, he identifies the transport of traditional imagery into new places as a sort of cultural baggage.

CLASSIC KRAKAUER

"MARK FOO'S LAST RIDE," "AFTER THE FALL," AND OTHER ESSAYS FROM THE VAULT

[Anchor](#) Spanning an extraordinary range of subjects and locations, these ten gripping essays show why Jon Krakauer is considered a standard-bearer of modern journalism. His pieces take us from a horrifying avalanche on Mount Everest to a volcano poised to obliterate a big chunk of Seattle; from a wilderness teen-therapy program run by apparent sadists to an otherworldly cave in New Mexico, studied by NASA to better understand Mars; from the notebook of one Fred Beckey, who catalogued the greatest unclimbed mountaineering routes on the planet, to the last days of legendary surfer Mark Foo. Bringing together work originally published in such magazines as The New Yorker, Outside, and Smithsonian—all rigorously researched, vividly written, and marked by an unerring instinct for storytelling and scoop—Classic Krakauer powerfully demonstrates the author's ambivalent love affair with unruly landscapes and his relentless search for truth.

INTO THE WILD, L'HISTOIRE DE MON FRÈRE

Au mois d'avril 1992, Christopher McCandless décide de s'enfuir pour voyager seul à travers l'Amérique. Il va errer pendant deux années avant de s'installer au coeur de l'Alaska. Il ne survivra pas à cette retraite sauvage et mourra seul dans un bus désaffecté. Son aventure, relatée par Jon Krakauer dans *Into the Wild*, deviendra un bestseller mondial et sera adapté au cinéma par Sean Penn. Aujourd'hui, Chris McCandless est l'icône de tous ceux qui souhaitent se détacher d'une vie trop matérielle pour vivre en harmonie avec la nature. Plus de vingt ans après la mort de Chris, Carine, sa sœur et proche confidente, a décidé de sortir du silence et de révéler pourquoi son frère a choisi d'abandonner sa famille et ses proches pour mener cette vie dépouillée et solitaire. Dans ce livre *Into the Wild L'histoire de mon frère*, Carine McCandless brise le silence et revient sur leur jeunesse dans une famille instable, à l'ombre d'un père manipulateur et violent. Convaincue que seule la vérité permet de dépasser la douleur, elle a choisi de dévoiler ce qui a poussé son frère à se retirer du monde.

WILD THINGS

THE DISORDER OF DESIRE

[Duke University Press](#) In *Wild Things* Jack Halberstam offers an alternative history of sexuality by tracing the ways in which wildness has been associated with queerness and queer bodies throughout the twentieth century. Halberstam theorizes the wild as an unbounded and unpredictable space that offers sources of opposition to modernity's orderly impulses. Wildness illuminates the normative taxonomies of sexuality against which radical queer practice and politics operate. Throughout, Halberstam engages with a wide variety of texts, practices, and cultural imaginaries—from zombies, falconry, and M. NourbeSe Philip's *Zong!* to Maurice Sendak's *Where the Wild Things Are* and the career of Irish anticolonial revolutionary Roger Casement—to demonstrate how wildness provides the means to know and to be in ways that transgress Euro-American notions of the modern liberal subject. With *Wild Things*, Halberstam opens new possibilities for queer theory and for wild thinking more broadly.

MISSOULA

RAPE AND THE JUSTICE SYSTEM IN A COLLEGE TOWN

[Anchor](#) From bestselling author Jon Krakauer, a stark, powerful, meticulously reported narrative about a series of sexual assaults at the University of Montana — stories that illuminate the human drama behind the national plague of campus rape Missoula, Montana, is a typical college town, with a highly regarded state university, bucolic surroundings, a lively social scene, and an excellent football team — the Grizzlies — with a rabid fan base. The Department of Justice investigated 350 sexual assaults reported to the Missoula police between January 2008 and May 2012. Few of these assaults were properly handled by either the university or local authorities. In this, Missoula is also typical. A DOJ report released in December of 2014 estimates 110,000 women between the ages of eighteen and twenty-four are raped each year. Krakauer's devastating narrative of what happened in Missoula makes clear why rape is so prevalent on American campuses, and why rape victims are so reluctant to report assault. Acquaintance rape is a crime like no other. Unlike burglary or embezzlement or any other felony, the victim often comes under more suspicion than the alleged perpetrator. This is especially true if the victim is sexually active; if she had been drinking prior to the assault — and if the man she accuses plays on a popular sports team. The vanishingly small but highly publicized incidents of false accusations are often used to dismiss her claims in the press. If the case goes to trial, the woman's entire personal life becomes fair game for defense attorneys. This brutal reality goes a long way towards explaining why acquaintance rape is the most underreported crime in America. In addition to physical trauma, its victims often suffer devastating psychological damage that leads to feelings of shame, emotional paralysis and stigmatization. PTSD rates for rape victims are estimated to be 50%, higher than soldiers returning from war. In Missoula, Krakauer chronicles the searing experiences of several women in Missoula — the nights when they were raped; their fear and self-doubt in the aftermath; the way they were treated by the police, prosecutors, defense attorneys; the public vilification and private anguish; their bravery in pushing forward and what it cost them. Some of them went to the police. Some declined to go to the police, or to press charges, but sought redress from the university, which has its own, non-criminal judicial process when a student is accused of rape. In two cases the police agreed to press charges and the district attorney agreed to prosecute. One case led to a conviction; one to an acquittal. Those women courageous enough to press charges or to speak publicly about their experiences were attacked in the media, on Grizzly football fan sites, and/or to their faces. The university expelled three of the accused rapists, but one was reinstated by state officials in a secret proceeding. One district attorney testified for an alleged rapist at his university hearing. She later left the prosecutor's office and successfully defended the Grizzlies' star quarterback in his rape trial. The horror of being raped, in each woman's case, was magnified by the mechanics of the justice

system and the reaction of the community. Krakauer's dispassionate, carefully documented account of what these women endured cuts through the abstract ideological debate about campus rape. College-age women are not raped because they are promiscuous, or drunk, or send mixed signals, or feel guilty about casual sex, or seek attention. They are the victims of a terrible crime and deserving of compassion from society and fairness from a justice system that is clearly broken.

FADS, FAKES, AND FRAUDS

EXPLODING MYTHS IN CULTURE, SCIENCE AND PSYCHOLOGY

Universal-Publishers This book is a collection of skeptical social essays in which the author reveals that much of our popular beliefs, psychology and science are defective, because, although we live in the 21st century, our approach to them is deeply rooted in our culture, and biased by history and evolution. These essays help the reader take a step sideways, think independently, and not fall victim to fads, fakes, and frauds. Anyone who values a deeper understanding of contemporary social reality and the changes taking place in it should read this book--from students to scientists and intellectuals. Through these essays we learn to look under the veneer of reality, behind the altars of science, under the scenery of pop-psychology and behind the facade of therapeutic culture. Thanks to essays on suicide, euthanasia and more, we also come close to the edge of life and death. Contrary to many meticulous social critical analyzes, in sharing his thoughts the author takes us on a picturesque journey through bounty hunters, ludicrous machines, compulsive hoarding, Charlie Chaplin, and much more.
