KEY=NINI - MAHONEY VAUGHAN

Maya's Notebook HarperCollins UK From the author of 'The House of Spirits' - teenage Maya is in trouble. She's an alcoholic, an addict and deeply involved with a criminal gang. How did it all go so wrong? **Narcoland The Mexican Drug Lords And Their Godfathers Verso Books** The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels." **The Last Giants** This book has received three major prizes, including the Grand Prize for Children's Literature. Now published for the first time in softcover. After finding a huge tooth on the docks, English explorer Archibald Leopold Ruthmore sets out to seek the race of giants to whom the tooth belongs and discovers nine giants, the survivors of a singularly gentle and kindly race. He lives among them for ten months, and on returning home he makes a mistake that he regrets forever - he writes a book revealing their existence and location. **The Story**

of Art The School and Society Cosimo, Inc. Originally published in 1899, *The School and Society* began as a series of lectures given to parents, professionals, and others at the University Elementary School. In this short volume, Dewey discusses the way in which education is fundamentally tied to a thriving democracy. The problem, according to the author, with the old education model was that elementary schools did not encourage exploration and curiosity in their students. In a country that requires the thoughtful pursuit of ideas by the populace in order to arrive at reasonable governance, this repressive form of education encouraged rote following and closed minds. Anyone interested in philosophy, education, and the general betterment of society will find Dewey's thoughts and early childhood learning progressive and intriguing. American educator and philosopher JOHN DEWEY (1859-1952) helped found the American Association of University Professors. He served as professor of philosophy at Columbia University from 1904 to 1930 and authored numerous books, including *Experience and Nature* (1925), *Experience and Education* (1938), and *Freedom and Culture* (1939). **The Journal of an Expedition Across Venezuela and Colombia, 1906-1907 And Exploration of the Route of Bolivar's Celebrated March of 1819 and of the Battle-Fields of Boyacá and Carabobo Franklin Classics** This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. G. Wells wasn't the only nineteenth-century writer to dream of a time machine. The Spanish playwright Enrique Gaspar published *El anacronópete*—"He who flies against time"—eight years before Wells's influential work appeared. The novel begins at the 1878 Paris Exposition, where Dr. Don Sindulfo unveils his new invention—which looks like a giant sailing vessel. Soon the doctor embarks on a voyage back in time, accompanied by a motley crew of French prostitutes and Spanish soldiers. The purpose of his expedition is to track down the imprisoned wife of a third-century Chinese emperor, believed to possess the secret to immortality. A classic tale of obsession, high adventure, and star-crossed love, *The Time Ship* includes intricately drawn illustrations from the original 1887 edition, and a critical introduction that argues persuasively for *The Time Ship*'s historical importance to science fiction and world literature. **Secrets of Peruvian Cuisine Board and Bench Publishing** Author and master chef Emilio Peschiera takes readers on a tour through the history and evolution of Peruvian cuisine, from its beginnings with the Incas through the latest international influences, including a review of some basic techniques for preparing recipes with the secrets of true Peruvian flavor. Virus Tropical 2dcloud Powerpaola's North American debut traces the lives of young women during Columbia's violent drug cartel warfare era of the 1980s-90s. "Powerpaola has a gift for expressing an entire world with a thin black line, building up textures and details that are a joy to get lost in. In "Virus Tropical," her memories of a unique family life are so vividly portrayed that you feel like you are living through all the laughter, joy, tears and door-slamming right along with her. It's a treat of a book." Sarah Glidden, author of "How to Understand Israel in 60 Days or Less"

Powerpaola's "Virus Tropical" uses a series of vignettes to transform the simplicity of middle-class family life into a thought-provoking narrative that would have been inconceivable prior to Colombia's sexual revolution. Focusing on the lives of a family of women in the eighties through the nineties, Powerpaola's tale highlights the excitement, danger, and struggles of a country in the midst of radical change. Powerpaola was born in 1977 in Quito, Ecuador, and, at a young age, moved to Cali, Colombia. Years later, she and her friends founded a collective space of expression, Taller 7, in Medellin and was granted a scholarship to develop her art in La Cite Internationale des Arts in Paris, where she adopted the name Powerpaola. She is currently working on an animated adaptation of "Virus Tropical" and lives in Buenos Aires, Argentina.
